BOARD CERTIFIED ORTHOPEDIC SURGEON

## MRI information and instructions

An MRI has been ordered as part of your treatment. This is an important part of your care. It is important that the MRI be performed at only specific MRI centers.

Our staff will assist in gathering insurance authorization on your behalf, we will also help you schedule your imaging appointment. Occasionally, a third party involved with your insurance will try to schedule your imaging appointments for you. When you are called to schedule the MRI, confirm that the MRI is scheduled at one of our preferred locations listed below. If it is not, then let the scheduler know that the Doctor has specifically requested it be performed at one of these facilities. This will ensure that the images are available to your Doctor.
